

POST SYMPOSIUM TOUR 3 ::: ŠIBENIK & KRKA NATIONAL PARK

About

Enjoy the ride along the coast as we pass Split, Solin, Kaštela, Trogir and Primošten to reach Šibenik, one of the oldest towns in Dalmatia. We will stop briefly in the Old Town and visit one of the most beautiful Renaissance Cathedrals of the Mediterranean, a masterpiece of the 15th century architect Juraj Dalmatinac. We continue to Krka waterfalls. Located in the Krka National Park, the waterfalls cascade over seventeen natural barriers. A visit to the ethno village, old mills and foamy waterfall Skradinski Buk will still leave us enough time to have a lunch, walk through the forest, swim in the clean river (weather depending), rest in the shade of old lindens or take photographs. On our way back we will make a short stop in Stella Croatica where we shall taste some of the local products and olive oils.
